

CHERRYHILL PARK

OWNED BY B. L. RADFORD

ROANOKE COUNTY, VA.

Scale: 1"=50'

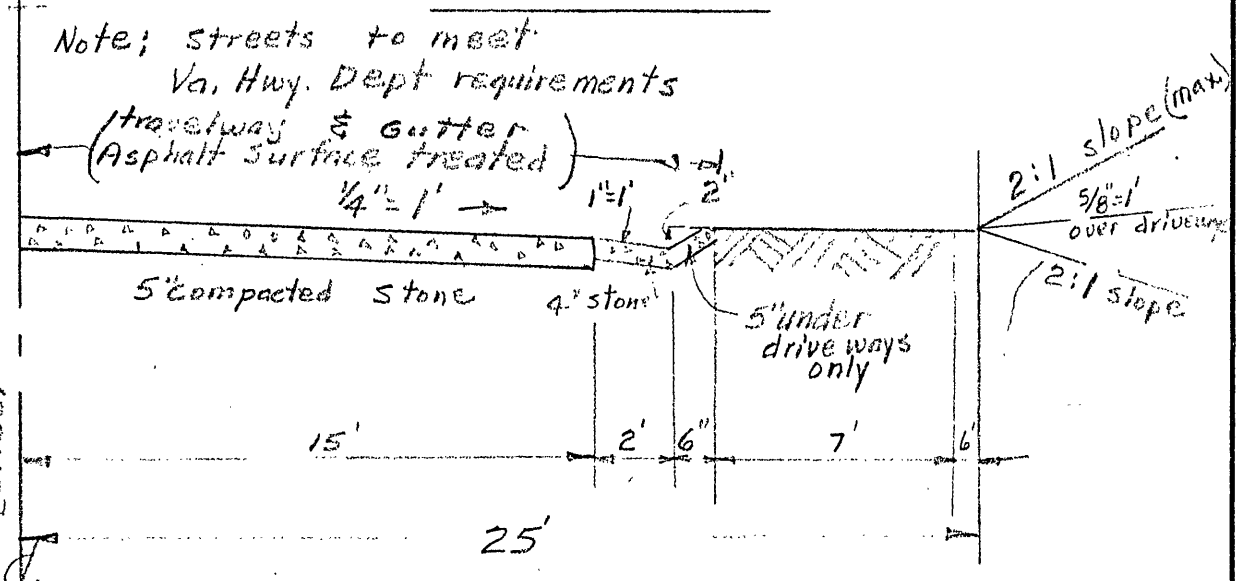

Dec. 30, 1958

Certified Correct:
By: J. P. Parker
State Certified Engineer

Note: All lots to be filled where necessary in order to provide an average of 20' rear yard from house before sloping on 2:1.

Typical Cross-Section of Streets

NO SCALE

Note: Inverts of sewer lines at manholes are shown. All laterals to low lots are to be on 1/4" to 1' fall. Laterals to lots above road may be on steeper grades if basement drains can still be met.

Note: Due to existing power line it is deemed best to leave street line as shown. But actual pavement will be curved to meet at 90° at intersection in order to make easier and safer turn as required by Va. Highway Dept.
