

4. Revise the bay at the entrance door by removing the wrought iron rail indicated over the bay, and narrowing the extension down from 2'-10" to 8", at a saving of \$ 450.00

Total saving recommended - - - - - \$ 6,983.00

Your Committee considered other suggested changes, but these are the only ones which we could recommend to you, and it is our belief that none of these changes will in any way affect the usefulness of this structure.

We recommend to you the adoption of these changes.

You will note that Mr. Howson is a member of our Committee, and that his signature does not appear on this report. We, however, have a letter from him, which we will be glad to show to any member of Council, concurring in general in these changes.

Respectfully submitted:

H. L. Young  
Arthur S. Owen  
W. D. Hunter  
James F. McArthur  
Charles E. Beck
