These Record Documents have been prepared based on information provided by others and are intended to show the reported location of the work and significant changes made during construction. The accuracy and/or completeness of this information has not been verified and therefore, (1) HSM shall not be responsible for any errors or omissions which may be incorporated herein as a result and (2) HSM makes no warranty, either express or implied, as to the accuracy of these Record Documents.

Files of text, data or graphics or of other types on electronic media which are being furnished to the Owner shall be deemed instruments of professional service which are being provided for the convenience of the Owner. Under no circumstances shall transfer of these Record Documents and other instruments of service on electronic media for use by the Owner be deemed a sale by HSM, and HSM makes no warranty, either express or implied, of merchantability and fitness for any particular purpose. Any conclusions or information obtained or derived from such electronic files will be at the User's sole risk.

Because data stored on electronic media can deteriorate or be modified inadvertently or otherwise without authorization of the data's creator, HSM makes no representation as to long term performance of data thus transferred resulting from the use of software application packages, operating systems, or computer hardware differing from those used by HSM. HSM shall not be responsible for the consequences of errors found to exist in standard software and/or hardware products that are sold to the public by commercial vendors.
