Roanoke County Utility Department
Kesslers Mill Rd.
Salem, Virginia 24153

Attn: Gary Robertson, PE Utility Director
Scott Agner Director of Water

Subject: Hunt Ridge - La Bellevue Tank

Dear Gary,

This water storage tank was later renamed to
Coachman Tank #2

2509 Coachman Cir.
T# 039.02 - 03 - 28.00 - 0000

4635 Hurtridge Rd.
T# 040.14 - 01 - 50.00 - 0000

We will proceed to attempt to move the Hunt Ridge Tank from the Hunt Ridge Location to the La Bellevue Tank site, Grade for the concrete pad at the La Bellevue site, Install owner furnished pipe materials under the concrete slab, install owner furnished concrete for 20'x20' Slab (approximately 11cy), install the Hunt Ridge Tank on the new concrete slab. We will work on the proceeding scope of work, using our Roanoke County Hourly Contract, until we have reached a total of \$25,000.00 worth of work. We will complete only the amount of work that the \$25,000.00 limit allows us to complete.

Upon reaching the \$25,000.00 not to exceed limit, we will proceed or vacate at the direction of The Roanoke County Utility Department. The Roanoke County Utility Department will take care of the following items:

- Pay any fees necessary to move the tank over the VDOT roads.
- Repair any tank damage, cleaning & painting.
- Remove Electric from pole to Pump House
- Necessary clearing at the La Belle Tank site (employ a tree removal specialist to drop the large trees.) we can take care of brush and stumps
- Supply the following materials:
 - 20' of 24" Culvert Pipe
 - 3ea - 4" 90deg Bends w/4" Megalugs (w/3 ea transition gaskets)
 - 36' of 4" DIP
 - 3ea pieces of 4" steel pipe 4'-0" long
 - 40 ea pieces of #4 re steel 20'-0" long
 - 11cy of A-4 Concrete (we will call for delivery)
 - Crushed stone for the driveway #26
 - Crushed stone for the tank pad #56
 - Other materials as needed

by AJC Not Rke Co.

We thank you for the opportunity to work on this project.

Sincerely,
Aaron J. Conner, General Contractor, Inc.
