RE: VMRC #17-1336

Dear Sir or Madam:

We have received an application submitted by Shentel Communications, LLC requesting authorization to install an aerial fiber optic line over the Roanoke River in the City of Roanoke at two locations: adjacent to the north side of the Ashlawn Street pedestrian bridge, and adjacent to the north side of the 13th Street bridge. A cumulative total of 266 linear feet of the Roanoke River will be crossed with no in-stream work required for the installation.

Your name was given as an adjacent property owner, therefore, we are advising you of this project. Attached please find a copy of the drawings indicating the project details.

If you have any questions about this project, please contact me at (757) 247-8063. If I cannot answer your questions, I may need to refer you to the applicant or agent.

If we do not hear from you by October 12, 2017, we will assume that you have no objections to the project.

Sincerely,

A handwritten signature in black ink, appearing to read "Justin D. Worrell".
